# FROGLINK

Surface Mounted Anchor

SafetyLink's patented surface mounted FrogLink has set a new benchmark in the field of height safety. This revolutionary all in one unit has been designed to attach to all metal roof profiles with a single row of attachment holes.

- Fast simple unit for installation, fall protection whilst working at heights.
- Low profile reflective design is a plus for any commercial or residential enterprise wanting to maintain an aesthetically pleasing façade.
- Dynamic design reduces the load back onto the structure and person attached to the anchor.
- Install using 2 x S5-S Clamps. The S-5-S clamp was created specifically for popular snap-together profiles—including residential profiles and Easy Lock Standing Seam. For horizontal seams under 1.376 cm the S-5-S clamp can be used to avoid the necessity of crimping the seam.

WHAT AM I USED FOR? A surface mounted height safety anchor point for use on metal roof profiles where access to timber is difficult, will arrest from any direction.

STANDARDS - Complies with AS/NZS 1891.4, AS/NZS 5532-2013 and EN 795:2012.

## COMPLETE UNIT - PRODUCT CODE: FROGL001+S5S

Product Parts	Description	Qty	Weight kg	Material
FROGL001	FrogLink Unit	1	0.291	316 Stainless Steel
S5_S_BRACKET	S-5 S Clamp (Clamp, Bolt, 2 x Setscrews)	2	0.186	Alum/SS
			<b>0.663</b>
